HEALING SCHOOL at Word of Faith Family Church, Springfield, Ohio

January to March 2009

January 21. We started a Healing School at this church and were grateful to Pastors Jim & Karen Britton for the opportunity.

We saw miracles in the very first class:

- Patricia had suffered from a nerve-damaged arm for 2 years following a cycling accident. She responded to a word of knowledge. She was in pain and had been to her doctor only two days before. As we ministered, tears of relief ran down her face.

We asked her: "What happened to the pain?" She answered: "*It just crept out of my arm.*" She was photographed raising it in triumph.

- Vivien was healed of a neck problem.
- Three of the students went to pray for a friend who was in hospital for the removal of his gall bladder. First, they led him to the Lord and then they asked to pray for his healing.

"*You don't understand,*" he kept saying, "*They're taking it out tomorrow at 10 in the morning.*"

They simply responded: "*Be sure to call us at 10.02 when they find nothing wrong with it!*"

Sure enough, he called the next morning. He still had his gall bladder. The doctors discovered it was now perfect and cancelled his operation. Glory to Jesus!

February 4. Our second class. Bill was first to arrive. He had been suffering from a bad headache for four days, having been continually out working a snow plow. His upper back was out of alignment and LaVonne ministered to him straight away. He testified that, the instant LaVonne began to minister, the headache abated from a 100 to 1... and that by the time she finished ministering, it totally disappeared.

Eric ministered to James and problem with his neck disappeared. Eric then ministered to James' lower back. The latter needed an adjustment as one leg was about an inch shorter than the other. James watched his shorter leg "grow out" as his back was adjusted by the power of God.

He bent down to touch his toes and said, "*I never expected to be able to do that again!*" One of the female students told him she had seen "a cloud" lift off of him.

LaVonne then ministered to his wife, Shirley, for a back problem and she was also set free.

It was their first taste of Healing School, as they had missed the first class.

Debbie felt below par. Her children had been sick and she felt like it was trying to get on her. LaVonne ministered to her and Debbie "fell out."

A lady received the baptism of the Holy Spirit with the evidence of speaking in tongues. We praised the Lord and gave glory to God for all He was doing.

Sunday Service February 8. James (not the James of Feb 4) had been suffering with pain in his lower back for 5 or 6 weeks and had been back and forth to the hospital about it. They had done a CAT scan looking for kidney stones but had found nothing.

In this morning's service, James had been in such pain he could hardly sit. He had been thinking of leaving, but somehow endured to the end.

Then a friend introduced him to Eric as "the guy who does the Healing School." Eric said: "God doesn't heal just on Wednesday nights... Let me pray for you now."

One leg was half an inch shorter than the other. As it grew out, James was wiping his eyes. He said: "The pain just *went*, man – It's unbelievable!" Glory to Jesus!

February 11. A fun time as in this the third class, students started growing out arms and legs for themselves! One young man testified to a sore back being healed and there were one or two similar testimonies.

February 18. This class was about casting out demons and creative miracles. After the teaching we answered questions and then ministered to those who wanted healing.

Shirley (not the Shirley of Feb 4) presented for various problems – arthritis and diabetes to name a couple. She fell under the power of the Holy Spirit and definitely felt something happening inside her. She was attending this school for the first time. She rededicated her life to Jesus and was baptized in the Holy Spirit with speaking in tongues. She was more than a little overwhelmed by her experience.

A dramatic miracle was Paul's impaired hearing instantly and fully restored as Eric cast out spirits of deafness in Jesus' Name.

Paul was amazed that he could hear what his friends were whispering behind him, even as they progressively withdrew from him.

When he finally turned around, he was startled by how far behind him they were... some 15-20 feet! Thank You, Jesus!

Sunday service February 22. As we arrived, we were asked to pray for Mike Bruns in pain from a kidney stone. Eric ministered and the pain instantly left to Mike's evident relief and surprise. Glory to God!

February 25. Another marvelous healing ministry class! Mike Bruns testified that he remained pain free.

Several came forward for allergies and asthma. We ministered to them, some of whom fell under the power of God.

Mike and his wife, Amanda, who want a baby, came forward for prayer and fell out together as LaVonne ministered to them jointly. LaVonne prophesied twins. [Addendum dated Dec.20.2010 – Amanda is expecting twins!]

Douglas Owens attended for the first time from another church in Springfield. He said that as he was in prayer he saw the church building and the Holy Spirit was urging him to come.

Encouraged by the healings that he saw, Douglas asked Eric for ministry himself. Eric ministered to the issues that Douglas itemized and also to his spine. Douglas saw a miracle: his arms and legs growing out as his back was adjusted by the power of God.

He was so thanking Jesus; and he told Pastor Jim: "I got my healing tonight."

March 2 – Doctors baffled. Mike Bruns told us that his results were in and that his doctors were baffled. The tests surely indicated the presence of kidney stones but the CT scan found none whatsoever!

March 11. Mike was eager to testify about his father. Remember that Mike was healed of a kidney stone on February 22. So when he heard that his father had been rushed to ER in acute pain with the same problem, he sent a text from his cell phone to his mom at the hospital telling her exactly how to minister to him.

She did exactly as Mike's text instructed. The pain left immediately. The report came back that the kidney stone, that had been causing him so much pain, was in fact now so minute his dad would pass it easily. Later that happened. Praise the Lord!

Sandy, whose house had recently burned to the ground, received ministry for release from trauma. She was also found to need an upper back adjustment, which was easy. Glory to Jesus!

March 18. Fourteen students graduated tonight.

It was a night to remember. The presence of the Lord was so strong. The worship so caught us up.

As we imparted the anointing, most of the students fell out. It was God's service and He was moving and imparting to each one just as He determined. All we did was flow with Him. It was a special, special night.

As we were all lying or sitting on the floor under the power of God, Amanda Bruns had a vision. She saw the face of Jesus in a blaze of light. He had the most magnificent smile. She told us that she saw Him touch each one in the room on the head with His finger. And blue lightning came from His finger and ran down everyone's spine to their feet. Debbie then exclaimed "That's why my foot was burning!"

She saw everyone shining with this blue light over their whole body. Then she saw us with Jesus in light on top of the globe of the earth. Jesus opened a gate on top of the globe. We all went through this gate into all the earth in the power we were radiating and that had just been imparted to us.

[The name of the church was changed to RiverSong Church toward the end of 2010.]
